

# WE BELONG

22ND MARCH 2015  
DANIEL BULLOCK  
RESTORATION ... CARRYING ONE ANOTHER'S BURDENS

He talked of “Advancing the values of Jesus.” Ask the group members to list such values>

Are such values the values of our Melbourne society ... or of our New Hope community? Examples.

How marked is the difference?

Can we plod along on our own trying hard to live out Jesus’ values or is it really correct that it is better done in community?

Daniel talked of internal fractured relationships. True?

So what? What priority do we give to (gently!!) correcting internal fractures?

How do we live out “restoration” in our judgemental environment?

Do we even think of restoration regarding, say, the man who committed such a horrendous crime in Doncaster last week? Would Jesus?

Daniel clearly presented that these values are “Kingdom Values,” A Kingdom where values are somewhat upside down.

To which Kingdom do we belong ... really, and are the values of that Kingdom the values we live by? In other words is this standard of value-living a practical possibility?

Look at the verses in John 13 - 19 that say “The kingdom of God is like unto ...”

For verification of all this Read John 18 : 36
